Inspiring Thought

Imparting Knowledge

Impacting Mindset

The TKM Centenary Public School, one of the 8 institutions under the canopy of T.K.M. College Trust, was started in the year 1997 to celebrate the birth centenary of its founder, Janab A. Thangal Kunju Musaliar, the great visionary who wished to offer the best education to the common masses. The founder's vision was realised through the establishment of state-of-the-art centres of learning in his name by the T.K.M. College Trust.

The system of education in TKMCPS is a blend of theory and practice, in the right proportion, to arrive at a comprehensive curriculum. By nurturing young minds and strengthening their values, we strive to motivate our students to reach their true potential and thus make them productive citizens of the world and worthy human beings.

Our students really enjoy the co-curricular and extracurricular activities that are provided for them in the school. We have yoga, gardening, art, music and physical education periods to help them enjoy and evolve into wholesome individuals. The primary aim is to promote team work and social skills which would inspire them to reach higher targets in life.

Parents are the strong pillars of the institution. Their novel ideas and suggestions support us to steer through the demanding sea of education.

Our sincere regards to our students, parents and well wishers.

SCHOOL TIMING

8. 40 a.m. to 3-15p.m.

VISITING TIME OF PARENTS

- | | |
|-----------|--|
| Principal | - 02.45pm. to 03-45pm. on all working days |
| Teachers | - 03.15pm. to 03.45pm. on all working days |

ACADEMIC STRATEGIES

1. Frequent test papers conducted to assess the students.
2. Remedial coaching from lower division to senior secondary level.
3. Scholarships for the students who prove their academic brilliance.
4. Inter-house, literary and sports and cultural competitions held to bring forth the inborn talents of students.
5. Participation in the CBSE Arts and Sports Fest opens up wider vistas of competitions and excellence.
6. Regular counselling, with a full time counsellor in school, helps in equipping the students for life.
7. Special training given to all the students to communicate in English.
8. Physical Education is given importance to facilitate overall development of the child.
9. Valuable suggestions and feedback from parents and well-wishers always help us to design and sharpen our academic strategies.

With ceaseless thirst for unequalled excellence, we forge ahead by Inspiring Thought, Imparting Knowledge, thereby Impacting the Mindset of our students.

SPECIAL COURSE

Long term entrance coaching-cum-tuition class for classes XI & XII and entrance oriented special classes for classes VIII to X are provided by the TKM School of Communication. You can contact school office for more details.
